

# Under the sea

## Geography

Through a series of lively and interesting activities the children will build their knowledge of continents and seas around the world.

The children will also be able to name the continents and seas of the world with confidence.

We will explore different wildlife and sea creatures that live in the oceans.

## Art and Design Technology

Children to do various art and under the sea activities.

## PE

Ball skills, football, running & gym.

Basketball morning

## Computing

Using the computer independently

## Science - Seasonal changes

The children will learn about the four seasons. Children will learn what the word weather means and find out how different types of weather can be measured. They will observe changes across the seasons by exploring the signs through nature and wildlife. A range of learning activities are used in this unit including observation, discussion and learning outside.

## Music

**Time & tune** A music programme with a focus on pitch based around 'Jack and the Beanstalk'.

## British Values

Share British values with children.

## Religious Education

Who is a Christian and what do they believe?

## Core learning - English

**Narrative-Stories with predictable phrasing** Write simple sentences using patterned language, words and phrases taken from familiar stories. Lots of simple sentence writing using pictures to encourage the children to write confidently.

## Core learning - Maths

**Number: Place Value**  
**Number: Addition and Subtraction**  
**Geometry: Shape**  
Count to ten, forwards and backwards, beginning with 0 or 1, or from any given number.
