### Key Knowledge

How can I show an understanding of the importance of recycling, reusing and reducing waste?	Through actively taking responsibility for the way I dispose of items.
How can I make a difference?	By making others aware of the issues with plastic pollution and other environment waste on our planet and offer advice to others after I have become the expert.
How can I demonstrate my expertise in this area?	By researching at home and school and showcase this through an important message in a class assembly.

### *Engaging and practical experiences*

*Sorting waste into 3 areas of reuse, recycle and reduce and gaining an understanding of how waste is distributed.*

*Making posters and leaflets based on research into plastic pollution*

*Collecting items to be recycled for a piece of art*

*Taking part in whole class art activity*

*Displaying the sculpture in the school to showcase learning*

### *Greater Depth Thinking*

*Can I describe the goal to be achieved?*

*How will I judge if I have been successful?*

*What aspects of the task will be most difficult? Why?*
