History

History is the study of things that have happened already.

Looking at the past and how things have changed through the years to the present day.

Queen Victoria was Queen in Victorian times.

Toys were played with in Victorian times but were different to the toys we have today.

Most of them were made out of wood and metal.

Rich children had different toys to poor children.

Children during the war played with cars, dolls, soldiers and outdoor games.

Are the toys through the years the same or different in anyway?

Queen Victoria was the first person to introduce the idea of having a Christmas tree in the house. Christmas cards were sent to friends during her reign. Children would only receive one present and Santa was dressed in green.
