Literacy

Early Learning Goal

Writing

Children use their phonic knowledge to write words in ways which match their spoken sounds. They also write some irregular common words. They write simple sentences which can be read by themselves and others. Some words are spelt correctly and others are phonetically plausible

Resources:

Mashcams (Mini Mash & Purple Mash)

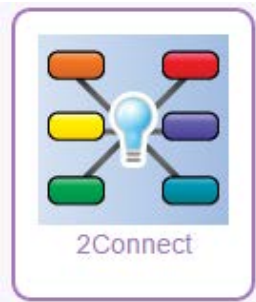

https://www.purplemash.com/#tab/mm_mashcams

Lesson ideas

Lesson ideas:

- Use the Mashcam to write in the speech bubble.
- For emergent writer's you can switch to a paintbrush to make marks in the speech bubble instead of using the text tool.
- Choose a character to support the topic/theme e.g. under the sea.
- Let the children explore through role play what it would be like to be a diver under the sea.
- Use the speech bubble to write what the diver might be saying as they swim under the sea.
- What are they looking for?
- What can they see?
- What does it feel like to be a diver?
- Let the children add their own words to the speech bubble, which might be a list of all the things that they might see.
- Give the children the opportunity to look at each other's work and to read and talk about the things they have written.
- Choose some of the children's work to show on the interactive whiteboard.
- Can the children read what is in the speech bubble?
-

	<ul style="list-style-type: none"> As a class teacher, create your own Mashcam, can the children read what you have written?
<p>2Connect (Purple Mash) https://www.purplemash.com/#app/tools/2Connect</p> 	<p>Lesson ideas: - 2Connect is a concept mapping app and is great for mapping ideas and planning stories. Use 2 connect to think about the story you have just read and to plan a class story that you are going to make as a class. You can write the class story book using 2 Create a Story.</p> <ul style="list-style-type: none"> Use 2Connect to start a new topic/theme with the children. Gather together from the children all the things they might know about the topic. Use one colour to show all the things the children currently know about the topic. At the end of the topic use a different colour to show all the new things that the children have found out about the topic. Can the children read all the new words? Leave the 2Connect file on the interactive whiteboard, let the children use the words to copy from and write their own labels for the classroom/ role play area.
<p>2 Create a Story (Mini Mash and Purple Mash) https://www.purplemash.com/#app/tools/2cas2</p>	<p>Lesson ideas:</p> <ul style="list-style-type: none"> Use 2Create a Story to make a class story based on a story you are reading about, or a new story that you are going to write as a class. Change the story to be 'your' story. Change the characters/the ending, for example write your own version of the story of Little Red Riding Hood.

- As a teacher, make the story by adding some pictures and animation ready for the children to start to add the writing.
- Let the children compose the sentences and you type in the story as the children start to put the story together. You may want to use all the ideas from the planning that you did using 2Connect.
- Having put together a class story, let the children have the opportunity to use 2Create a story to make their own story book.
- Give the children time to explore the program first and maybe start by letting the children make the front cover of the book and writing a sentence which says what the story is going to be about.
- Depending on the children's ability to use the key board and time allowed, let the children put together their story with a sentence for each page.

2Publish (Purple Mash)

<https://www.purplemash.com/#tab/pm-home/tools/2publish>

Lesson ideas:

Within 2Publish are a selection of writing frames which the children can use to create and write their own resources. Within this section there is probably a writing frame which could be used for most classroom writing activities.

- Write a card to a friend.
- Make a wanted poster to go with your story e.g. Wanted 'The Big Bad Wolf'.
- Create a book cover with the name of the story you are writing.
- Write your own signs to put around the classroom, washing hands, keeping safe, storing resources etc.
- Making a leaflet about keeping healthy, eating healthy.
- Making a story sequence.

2Email/2 Respond (Purple Mash)

<https://www.purplemash.com/app/links/2email#/chimp>

<https://www.purplemash.com/app/links/2respondcreator#/template>

Lesson ideas:

- Write an email and send it to your class using 2Email.
- Read the email together with the class.
- The email might be inviting the children to visit a farm (or other class visit you have organised).
- Let the children read the email with you and help you to write the content to reply to the email.
- Use the 2Respond activities in 2Email to give the children the opportunity to respond to a character. Initially the written response could be a whole class activity where the children compose the response as a class/group and the teacher types and sends the email.
- Select Barnaby Bear and read the email he sends to you. He will ask you to carry out some activities and he will email you back. This is a lovely way for the children to see and respond to email whilst reading the content and composing a reply.
- As the children become more confident readers and writers they could read and reply to the email themselves.
