 Reflection
 Cooperation

Vocabulary	
Debris	Scattered pieces of rubbish
Decompose	To rot away
Disposing	To throw something away
Durable	Hard wearing
Landfills	An area filled with waste
Marine	Related to, or found in, the sea
Pollution	Something harmful or poisonous within the environment
Reduce	Make smaller or less in amount, degree, or size
Reuse	Use again or more than once.
Recycle	Convert (waste) into reusable material.

Key Knowledge	
How can I show an understanding of the importance of what I can do to help save the planet?	Through discussions and looking at examples of what is currently being done and creating ideas of my own.
How can I demonstrate my ability to lead the way for change?	By taking part in a challenge where I need to design and create an article/piece of art which will represent the cause.
How can I use my ideas to support the school?	By making recyclable items to sell to others.

Engaging and practical experiences	
Debates and discussions about plastic pollution.	
Mind-mapping ideas of how to combat pollution on a wider scale.	
Designing and making items to sell.	
Taking part in the whole school art sculpture representing plastic pollution and waste in our oceans.	
Presenting my ideas and success with others in school.	
Joining forces and working collaboratively with others.	

Greater Depth Thinking

Can I describe the goal to be achieved?
 How will I judge if I have been successful?
 What aspects of the task will be most difficult? Why?
