- Equality
- Fairness

Vocabulary

Budget	Budget is an amount of income (money for a set period of time)
Budgeting	Budgeting is to provide (a sum of money) for a particular purpose from a budget
Risk Taking	Risk taking, is the act of doing something that involves a risk - taking a chance that could go wrong - in order to achieve a goal.
Enterprise	Enterprise is a project undertaken, especially one that is important or difficult or that requires boldness or energy.
Negotiating	Negotiating is an important life skill. It means coming to an agreement through discussion.
Equality	The state of being equal, especially in status, rights, or opportunities.
Fairness	Impartial and just treatment or behaviour without favouritism or discrimination

Key Knowledge

How can I use my knowledge of what is fair?	Through discussion and opportunities to investigate into Fairtrade, decide what is fair when trading around the world.
How can I use the choices I make every day influence others.	By using my knowledge of how to treat others fairly, including when purchasing goods, hold discussions with peers about how they can support others in doing the right thing when buying Fairtrade products
How can I use my knowledge of money, to spend money wisely on a budget	By understanding how people have a set amount of money each month (pensions, wages, allowances) practice spending this money using an ICT programme.

Engaging and practical experiences

Research into which products are Fairtrade

Explore how Fairtrade companies operate in developing countries

Choose the appropriate vocabulary when discussing Fairtrade and money matters

Work within a group to decide how to spend money on a budget

Create a poster to advertise why using Fairtrade products are beneficial for all.

Using ICT play games and take quizzes on various types of money situation.

Greater Depth Thinking

Can I use my knowledge of trading and equality in trade companies, to influence the choices of myself and others?

Can I explain the effect of fairness in trade?

Can I use my knowledge of the value of money to spend money wisely while on a restricted budget?
