

On Your Doorstep

History

We will look at the history of Wigston to see how the community has grown and changed over time, making comparisons to it now.

Geography

We will make comparisons with Kampong Ayer so the children can understand and identify similarities and differences between different communities. This will include looking at GPS imagery and environmental differences.

Science - Living things and their habitats

We will be comparing the differences between living things, dead things, and things that have never been alive alongside exploring habitats and how they provide for plants and animals that live and grow in them. We will also explore different food chains.

Art and Design Technology

Children will create floating houses like those in Kampong Ayer.

PE

Outdoor -
Tennis

Indoor -
Gymnastics

Computing

PowerPoint introduction and basics including e-safety

Music

Use our voices to sing songs and create chants and rhymes as a class.

British Values

Rules of Law

Religious Education
