

Crime and Punishment

History

We will study different periods of time, studying the different types of crime and punishments, studying these in a chronological order.

We will study from the Romans, Medieval Britain (including the Saxons and Vikings), Early Modern Britain (including the Tudors), Industrial Britain (including the Victorians) to Modern Britain (now or recent history) We will work on our timeline of events We will also study how laws changed over time making punishment much fairer in England.

Design Technology

Pulleys and Gears linked to science also. We will design, make and evaluate our own mechanical systems, using different gear and pulley systems.

PE

Basketball
Tennis
Swimming
Running

Computing

To connect - we will use the internet and purple mash to know how to carry out effective web searches whilst also studying online dangers

Science - Forces

We will learn what a force is and what it can make things do, including speeding up, slowing down, changing shape and direction.

We will also learn about types of forces, including gravity and air and water resistance.

We will also study gears and pulleys, understanding how these effect movements

Music

'Livin' on a Prayer'

We will study the genre of classic rock music, learning technical vocabulary associated with music.

Religious Education

If god is everywhere, why go to a place of worship?

British Values

Rules of Law
Individual
Liberty
Democracy

Core Learning -

English

The Highwayman by Alfred Noyes

Discussion - should we be punished for our crimes?

Suspense stories

The Executioner's Daughter - Jane Hardstaff

Core Learning

- Maths

Number: Place Value

Number: Addition and Subtraction
